

My Child at School

A short guide for Parents logins

Your login information

You should receive a login email containing your username and invitation code. If you have not yet got this, please contact helpdesk@thomastallis.org.uk

You should have:

- The school ID: 12324
 - Your Username
- Your invitation code

You can login [here](#)

Logging in

On the first page, if this is your first time logging in, click “Redeem Invitation Code”

On the following page enter the School ID (12324) then the Username and Code you received. You will also need to complete a CAPTCHA for security purposes.

The screenshot shows the 'myChildschool.com' parent login interface. At the top, it says 'PARENT LOGIN' and identifies the school as 'Thomas Tallis School'. There are input fields for 'Username' and 'Password', a 'Remember School ID and Username' checkbox, and a 'Login' button. Below the login button, there are links for 'Forgotten Login Details?' and 'Redeem Invitation Code?'. The footer includes the version number 'v5.2020.7784.31429', 'Powered by Bromcom', and app store availability for the App Store and Google Play.

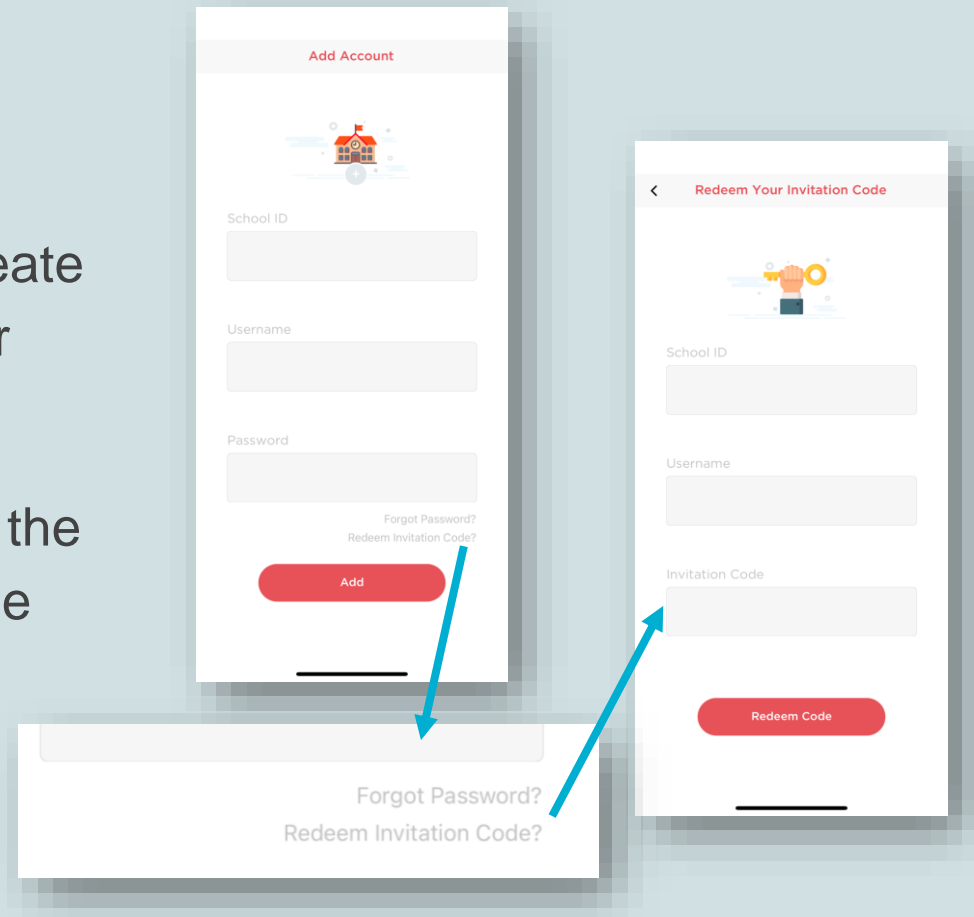

This is a central menu box with a light blue background and a dark blue header. It contains two options: 'Forgotten Login Details?' and 'Redeem Invitation Code?'. Two blue arrows point from this menu to the 'Redeem Invitation Code?' link on the left and the 'REDEEM YOUR INVITATION CODE' page on the right.

The screenshot shows the 'REDEEM YOUR INVITATION CODE' page. It features a 'School ID' field with the value '12324', a 'Username' field, and an 'Invitation Code' field. Below these fields is a reCAPTCHA section with the text 'I'm not a robot' and a 'reCAPTCHA' logo. A 'Redeem Code' button is at the bottom, and a 'Back to Login' link is at the very bottom.

Logging into the App

If you have chosen to use the App on your mobile device the steps are the same as before except you will first have to create a 5 digit PIN in addition to your login, for security purposes.

Once done, you can complete the following screen as seen on the Web version.

If you need help

Once you have completed your first login, you will no longer need your invitation code. If you forget your information or have problems logging in, either click the “Forgotten Login Details” link or email helpdesk@thomastallis.org.uk

A further guide, created by Bromcom is available [here](#)
