

**NOTES FROM THE PARENT FORUM MEETING
Monday 22 June 2015**

We held an open meeting to reflect on the end of the year.

- The topic-based sessions have been useful this year and should be repeated: behaviour, revision, next steps, curriculum, assessment
- We discussed the new grading system for GCSE. Will it be demoralising for the children?
- What will Tallis do about the EBacc?
- A menu of after-school activities should be offered to help year 7 transition.
- We discussed the pros and cons of the old interview system at y7 transition.
- We talked about the information on the website about careers that might help parents with children's choices
- We discussed work experience, and its usefulness.

I am very grateful to parents who joined me and look forward to our continued cordial yet honest partnership next year.
