Dear Parents and Carers

Royal Observatory Greenwich Trip – 8FA/8KA half of 8FB

I am writing to you regarding an exciting Year 8 Science & Religious Education visit to the Royal Observatory, Greenwich. This will take place on **Tuesday 24 May 2022**.

This is part of the Astronomy Science and RE Festivals curriculum. The Astronomy session predicts the sighting of the next New Crescent Moon. A Royal Observatory Greenwich astronomer will guide students through the stars in a special planetarium show to help them observe the New Crescent Moon, learn how Arabic astronomers helped lay the foundation of modern astronomy, go over different tales of Arabic constellations and discover instruments built for navigation and prayer. This visit is part of the curriculum and therefore free.

Students will attend AM registration and then meet in the canteen at **09:00am** and will travel to the Royal Observatory, students will arrive at the Royal Observatory at **10:15am**.

Students will return to Tallis for Lunch and continue as normal for the rest of the day.

- Students must wear Thomas Tallis uniform and students should wear an appropriate coat and shoes for the weather.
- Students will travel on foot to the Royal Observatory and then walk back to Thomas Tallis School.
- Students might want to take with them a snack and will need a bottle of water

If you have any queries, please do not hesitate to contact me on rchoudhury@thomastallis.org.uk

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Rahima'.

Rahima Choudhury

Curriculum Leader of Religious Education

Please return the completed permission slip to Ms Choudhury.
