Dear Parents and Carers

The new GCSE Science course places a greater emphasis on the application of mathematical skills in a Science context. To help students prepare for this, and access the units taught, all Year 10 students have completed a maths for Science unit at the beginning of this term. This will be assessed on Tuesday, 2 October in their timetabled Science lesson.

Students will have time in class to revise and prepare but independent study at home is important to reinforce these maths skills. We would appreciate your support in encouraging your child to make use of their class notes to prepare thoroughly for this assessment.

Should you require any further information please do not hesitate to contact me on awardell@thomastallis.org.uk

Yours sincerely

A handwritten signature in black ink, appearing to read 'A. Wardell', written in a cursive style.
