14 June 2017

Dear Parents and Carers

I am writing to inform you about the dates of the internal Science tests we are setting next week. The students will sit three separate papers on Biology, Chemistry and Physics in their Science lessons. The dates are:

Monday 19 June – period 2 B-side	Biology
Tuesday 20 June – period 1 A-side	Biology
Tuesday 20 June – period 2 B-side	Chemistry
Wednesday 21 June – period 1 B-side	Physics
Wednesday 21 June – period 3 A-side	Chemistry
Friday 23 June – period 4 A-side	Physics

Revision has been taking place in lessons but the students should use their revision guides to revise. The relevant page numbers are:

- Chemistry:* Atomic Structure and Structure and Bonding page 8-29 and page 44-49 (practice questions)
- Physics:* Particle Model of Matter, Atomic Structure and Radioactivity page 84-93 and page 104-107 (questions)
- Biology:* Cells page 8-17 and Infectious Diseases page 34-41, page 56-60 and page 64-67 (questions)

The results from the tests will contribute towards our decision making when we set the students into Year 10.

If you have any queries please do not hesitate to contact me.

Yours sincerely

Andrew Smythe
Director of Science
